

Oregon: 16 Hour Limit on Non-Technical Subjects

Rule Citation:

801-040-0040 (1): Examples listed not all-inclusive. The subjects listed in this rule serve as examples only, and are not all inclusive of technical and non-technical subjects that may qualify for CPE credit.

801-040-0040 (2): Technical subjects. Qualified continuing education programs in the following subjects are eligible for CPE credit as technical subjects: (a) Accounting (b) Auditing and assurance (c) Consulting (d) Specialized knowledge and applications (e) Management Advisory Services (f) Taxation (g) Professional ethics (h) Finance (i) Business Law (j) Business Management & Organization (k) Economics (l) Computer Science (m) Communication (n) Other subjects may be acceptable if they maintain or improve the licensee's professional competence.

801-040-0040 (3): Non-technical subjects. Qualified continuing education programs in subjects other than those listed in section (2) of this rule are non-technical subjects and are eligible for CPE credit if the program directly contributes to the licensee's professional competence. (a) Credit for programs in non-technical subjects is limited to 16 CPE hours per renewal period. (b) The following are examples of non-technical subjects: (A) Interpersonal management skills; (B) Public relations; (C) Practice development; (D) Practice administration. (E) Marketing (F) Personnel/HR (G) Personal Development
